Pastor Greg Wilson

God keeps a 400 year old promise

- The promise to Abraham that his people would inherit the promised land
- The promise to Christ that His people would inherit their spiritual blessings

God keeps a 45 year old promise

- God not only keeps a promise to a whole nation God keeps a promise to a single individual
- God's promises aren't just generational they are personal
- God's promises aren't just for the young

God can keep His promises because the future is in His hands

This is the God who can be trusted regardless of how big the obstacles in your life
