Jesus is the sure foundation upon which to build your life

- **Proverbs 24:3**
- Everyone faces the same existential question
- What do you build your life upon
- This parable is about Jesus Himself

Faith is the ongoing decision to build your life on that foundation

- So it is faith in Christ that is being tested
- Faith is tested by storm

So the wisdom that keeps us from falling is our decision to continue to hold to Christ, our rock

- **Proverbs 3:5-8**
- Coming to church and listening to sermons isn't enough to keep your home from falling apart
- What goes on inside your home is as important as what goes on outside
