The Lordship of Christ over Labor

1. Employees have the duty to obey and respect their bosses
 - The best way to witness on the job is to do your job well
2. Employers have the duty to care for their employees
 - Employers have the duty to listen to their employees

When it comes to employment, we all answer to somebody. For the Christian, it begins with the Lordship of Christ. Living under His Lordship impacts our everyday relationships. Jesus is Lord at home, at church, at work.

Who do you work for?
