Proverbs 14:34

Belshazzar's mistakes

Trusting experts who don't have the answers

- Those who had the most education and training failed to understand reality

The profaning of the sacred and the promotion of the secular

- Nebuchadnezzar had protected these sacred items

Selfish desire over the common good

- They partied while the enemy was outside the gates

Forgot pride always leads to downfall

- **Proverbs 16:18**

- No nation, regardless of how powerful, lasts forever
