

***Even with a Damascus Road experience,  
we still need other believers***

Acts 9:1-9

Pastor Greg Wilson

**1. Saul met Jesus Christ**

- Saul was like many self-righteous people today who don't see the need of a Savior
- Saul asked life's most important question, "Who are you Lord"
- Saul needed help, but the real help he needed was other believers

**2. Saul met Ananias the believer**

- Saul's new faith needed strengthening
- No matter how spectacular your salvation story may or may not be, you need the church

**3. Saul met the Damascus believers**

- Upon hearing Saul's testimony they accepted him

**4. Saul met the Jerusalem believers**

- Saul needed a strong believer to befriend him

Regardless of how, when, or where we came to Christ, we need each other. You need regular fellowship with believers of like faith
