

Building the Wall

Nehemiah 4:10-23

1. Nehemiah was a man to stand in the gap

- Nehemiah not only recognized the problem, he became part of the solution

2. A broken wall reflects a broken people

- God's people had lost their identity

3. Prayer proceeds action

- We must ask for God's blessing and then get to work

4. Discouragement is the greatest threat

- Our families can encourage us to continue the fight

5. Men uniting in the work won the battle

- One man can't build the wall alone

Matthew 16:18

Our families, our church, and our society need the walls rebuilt. With God's help, we can stand in the gap and take hold of our tools and weapons of faith to build and defend.
