

## ***Grace was Promised***

Galatians 3:15-29

Pastor Greg Wilson

### **1. God made a promise, not a Contract**

- Don't treat the Christian life like a business deal
- Salvation is not a performance-based system; it's a promise-based relationship

### **2. The Law was given to lead us to grace**

- Use the law to grow in humility, not legalism

### **3. The Law points us to the promise**

- Don't go back to the babysitter
- We follow God's commands as grateful sons and daughters, not desperate employees

### **4. In Christ, we become the people of God**

- Stop making distinctions that God has erased
- Live as an heir, not as a stranger

**Rest in grace, walk in love, fight for unity**

**You are not saved by your record, but by God's promise**

**You are not held by your strength, but by Christ's work**

**You are not part of God's family because of your worth, but because of His grace.**
